The Filtro Shuttle is ideal for medium to high volume coffee requirements for Hotels, Caterers and Conference & Hospitality. The equipment comprises main brewer unit and mobile insulated urns. The urns offer a more pleasing design than some of the more industrial equipment and are more suited to front of house service because of this.

- ◆ Delivers coffee directly into portable urn
- ◆ Excellence in coffee
- ◆ Self-service option available - rear delivery push button facility
- ◆ Attractive design for prestigious locations
- ◆ Stainless steel construction
- ◆ Half and full brew feature
- ◆ Basket safety lock during brewing
- ◆ Hot water tap
- ◆ Easy to operate

Model available: Filtro Shuttle Single Brewer
